Many people who want to accomplish things too often lump goal setting in the same category as New Year's Eve resolutions, complete with the same absence of seriousness and commitment that's evolved into the butt of many jokes. But they're not the same.

Consequently goal setting is something we've too often taken for granted. But, true goal setting is a challenging process that requires a structure and planning complete with a beginning, middle, and an end.

"Shoot for the Moon" author Patti Brotherton will discuss the tools you need to accomplish any goal, large or small, and provide a welcome inspiration by taking you on her own personal journey of successful goal setting that she first embraced as a child.

A former member of the Foothill Association of REALTORS®, Patti is an active real estate broker and trainer with 34 years of successful experience.

Join us on Wednesday, February 17, 2010, at 8:30 a.m. at the Glendale Caravan at the Elks Lodge for another Knowledge Opportunity, and work on your plan to succeed in 2010.
