

Greetings fellow members of Glendale Association of REALTORS.

I'm excited to take a few moments and tell you a little bit about me and why I am running for a second term as your Treasurer.

I became a Realtor in 1999 and a Broker in 2005. As soon as I was licensed and got involved with the Glendale Association, and became a member of several committees. I've always felt that it was important to give back to my peers but also to the community and that's what I have tried to do over my 23 years in this business.

Since becoming involved with this association I have served as chair of every committee and have been a member of the executive team serving in all capacities including President, President Elect, Vice President and now this past year as your Treasurer.

I have really enjoyed the experience, I have learned a lot and I would like to take what I have learned this year and apply it next year serving another year as your Treasurer.

I invite all of you to vote for me. Even though I know I have no one running against me, it's very important to exercise your right to vote. I appreciate a vote from each one of you and will continue to serve you to the very best of my ability. Thank you so much for giving me this opportunity to serve you!

Sincerely,

Addora Beall, Broker/Owner
